11. Current Matters

a) National Grid's Proposals

In light of the recent developments regarding funding for the Moorside project, it was agreed to keep this item on the Agenda.

b) Maintenance of Street Lighting

A request for a street light at Soutergate car park had been received from a resident at Soutergate. It was agreed to pass the request on to Cllr. Jackson to progress.

Action: Cllr. Jackson to progress request for light at Soutergate car park

c) Watery Lane

Work has been carried out on Watery Lane. A replacement pipe has now been fitted as the old pipe was clogged up. It appears to have rectified the problem.

d) Renewal of Kirkby Wind Farm

Cllr. McPherson advised that the application to renew the Wind Farm had been unsuccessful. Both Cllr. Winstanley and himself had addressed the Planning Authority meeting on Tuesday 5th December 2017. Cllr. McPherson informed that the vote had been 6 to 5 against. District Cllr. Curwen had voted in favour of the

renewal and explained that he had done so after taking on board the comments made by the Commonners, who were in favour of the licence renewal.

e) **Grizebeck Community Hall – signage on A595**

No report.

f) **Speed Measurement Apparatus on A595 at Marshside**

No report.

g) **Proposed Housing Development**

Cllr. Saunders raised the point that the access road to the proposed development must be sufficiently wide as not to cause congestion on the A595. Cllr. McPherson reported that this comment has already been made to the Developer.

h) **Flooding**

A meeting arranged by MP John Woodcock had been held at the Coronation Hall, Ulverston, regarding flooding in the Furness area. This had been attended by some members of the Parish Council. Cllr. McPherson said thanks must be given to Mr. Woodcock as he did emphasise the flooding problems being experienced in Kirkby. Cllr. Jackson had prepared a report on the meeting, which was read out by Cllr. Grieve. Cllr. McPherson reported that it is possible to have sandbags delivered to strategic points around the village. A proposal was made that storage facilities be purchased to house the sand bags and that there could be custodians at each of the points, who would be able to monitor the number of sandbags so more could be delivered if necessary and check their state of repair to ensure they would be fit for purpose. Cllr. Grieve is to look into costing for the purchase of storage facilities.

Action: Cllr. Grieve to obtain costing for storage facilities for sandbags

Concern was expressed that the sandbags may be taken from people outside the area or for other reasons beside protection from flooding. It was suggested that the sandbags could be placed discreetly. The following areas were identified for the storage points:-

- Grizebeck – CPG/Greyhound car park
- Marshside – Bustop
- Beckside – Community Centre car park
- Soutergate – car park

Action: Clerk to contact SLDC Ulverston Depot to arrange delivery of sandbags.

Cllr. Irving reported that River Trust Authority have not yet contacted him with regard to meeting with himself and the residents at Grizebeck. However, SLDC are currently investigating the matter and it was agreed that the Council should await the result of the enquiries before chasing the River Trust Authority about a meeting. Cllr. Grieve reported that he has spoken with residents who are at threat of flooding at Chapels, Marsh Garth and Marshside and visited the areas. He informed that he has emailed Cllr. Brereton detailing the areas at risk and asked him to forward his email to the relevant person at Cumbria County Council, or provide details to Cllr. Grieve of who he can contact with regard to the flooding. He awaits a response. Cllr. Grieve has also contacted the Quarry but has not managed to identify a person with whom he can discuss the issue with. Cllr. Grieve outlined what he believes to be the problems which lead to flooding, and identified the following areas as those most at risk:

- Marsh Garth
- Marshside
- Chapels
- A595 – at Gargreave
- A595 – at Muirlands
- School Road/Herschel Terrace
- Grizebeck – the Bridge

He suggested that he compile a more comprehensive report on the flooding issues that can then be presented to the relevant people at County and the Quarry. He also suggested that a site meeting with a representative from Cumbria County Council may be advantageous. Cllr. Grieve hopes that he will have compiled the report for

the next parish meeting in January. The Chairman thanked Cllr. Grieve for all his work.

i) **SMART Metering Mast**

The Chairman reported that an application for a SMART metering mast at the BT sub-station next to Burlington Inn has been granted by SLDC. The Chairman informed the meeting that application had been a “without notice” application. This means that no notification of the application is given to anyone. He advised that following the application being granted, the Clerk had spoke to Mr. Hoar at SLDC Planning, he had informed that the Planning Department does not pass the application in the sense of the word as it is a permitted build. All Planning do is make sure that the application adheres to the relevant legislation, which he advised this one did. If it does the Planning Department do not have the authority to reject it. The Clerk had asked Mr. Hoar in the event that the Parish Council had been given the opportunity to comment on the application would these comments have been taken onboard. Mr. Hoar advised that any comments would have been noted and then passed to the Company who submitted the application. He advised any comments would not have changed the outcome. Cllr. McPherson explained to the meeting that he has tried to speak with the Company on numerous occasions and is awaiting a call back from them. It was noted that the Parish Council have done all they can with regard to this application.

j) **Buckhorn Lane**

It was reported that the work to the give ways signs has now been carried out on Buckhorn Lane.

k) **School Road**

No update.

l) **Footpath – Soutergate to Beckside**

m) **Dog fouling**

It was reported that dog fouling is becoming a problem in the village. Cllr. McPherson to highlight the problem in the Parish newsletter.

Action: Cllr. McPherson to put issue of dog fouling in Parish Newsletter

n) **Grass verges**

A series of incidents of damage to the grass verges has been experienced of late, one of which involved an Asda delivery lorry. Cllr. McPherson contacted Asda and they have offered to repair the damage. Cllr. McPherson reported that the damage caused by Cleartrack, as mentioned at the meeting in October, is still to be repaired as Cleartrack have now gone into liquidation. Cllr. McPherson stated that any ideas would be welcomed on how this problem can be addressed.
