

Crime Prevention - Video Doorbells

Can I please draw your attention to an offer from Ring.com regarding discounts on their products.

Cumbria Neighbourhood Watch Association have used Video Doorbells from Ring.com working with Cumbria Police and Victim Support in recent years to provide them to vulnerable individuals and as a result the project has been a resounding success.

As such I would like to bring to your attention that Ring.com are currently offering discounts on their products.

If you visit the Ring.com website you will see each product and the reduced cost.

However, the offer is only valid until 23:59 GMT Thursday 4th April 2024, while stocks last.

Everything you want/need to know about video doorbells etc is explained on the Ring.com website.

In addition to the above, the 2nd Gen Video Doorbell, which is very easy to set up and fit is also available from Argos for £59.99 which is a reduction of £40 and represents good value.

Hope this is of value to you.

Kind regards

Joe Murray QPM
